Classroom Wish List Items	New small white boards for students, card stock, enrichment/STEM manipulatives and games,

How can we pray for you this school year?

Please pray for the Lord to give me strength, wisdom, and eyes to see all my students through the eyes of their Father God. Please pray that I would be able to nurture and draw out all the gold that God has placed inside each student, and they would grow to understand the deep love of their Father God.

Please also pray that I would be able to find margin for my family throughout the school year and balance work and home life with grace.

Thank you so very much for all you do and for your prayers.
